

HEALTH AND SAFETY OF ALLEYS CLEANING COMPANY- HEALTH AND SAFETY - COMMERCIAL

Health & Safety

At Alleys Cleaning we take health and safety very seriously. Our main priority when undertaking any work on your premises is the Health and Safety of you, your family, your employees and our clients and operatives.

Prior to the commencement of any works being carried out we ensure that a full Risk Assessment is undertaken to identify possible risks and hazards.

Regular external and in-house training is undertaken by all operatives, this training includes method of cleaning, equipment training, equipment diagnosis, COSHH - (Control of Substances Hazardous to Health), PPE (Personal Protective Equipment), accident reporting and diagnosis.

We are fully covered by insurance that is designed to protect you and your property whilst work is carried out. Alleys Cleaning will endeavour to not only achieve but exceed current health and safety legislation.

If you require any further information regarding our Health & Safety policy, please contact Us.

Policies and Procedures

We have policies and processes in place - Risk & COSHH assessments, Health & Safety policy, Environmental Policy and Public Liability Insurance Certificates that are all available on request.
